

One UP

Primer and undercoat in one pack

One UP is a single pack primer/undercoat for use above the waterline with International one-pack finishes and deck paints. Simple yet effective, making painting easier for DIY customers without compromising on aesthetic appearance or substrate protection.

Product features and benefits

Primer and undercoat technology in one

- No compromise on substrate protection
- A smoother finish reduces the amount of sanding and time required
- Replaces Yacht Primer and Pre-Kote whilst still delivering the same levels of system appearance and protection

One pack simplicity

- A two-in-one primer and undercoat reducing the volume of product required
- Reduces number of coats required by three
- White (YUC000), Blue/Grey (YUC001)
- Reduces time for scheme by 48 hours***

Ultimate scheme

- Best in class system with International one-pack finishes and deck paints
- Easy to apply by brush and roller with an extra smooth finish
- Easier to sand than previous products

Compatibility

- Compatible with all International one-pack finishes and deck paints
- Can be used on all substrates

Ease of use

- Available in two colours to enhance the topcoat aesthetics*
- Available in various pack sizes*
- Can be applied by brush or roller. Applying by roller provides a smooth finish

Product data

Colour and code*	White (YUC000), Blue/Grey (YUC001)
Thinner**	YTA800 Thinner No.1
Number of coats	2-4 coats of 100µm (WFT)
Practical coverage	By brush/roller 9.0m ² /L
Application method	Brush and roller

The simplest route to a dream finish

Painting your topside doesn't have to be complicated, so International have simplified the process with two new products, One UP and Toplac® Plus. One UP is a unique all-in-one primer and undercoat that provides a reliable foundation with protection. Toplac Plus is an easy to use, high gloss topcoat with improved roller application, and a stunning finish. Two products in one simple system, available at your local International dealer.
